**Agenda No. 8. To consider and ratify the grant of THB 168,000,000 financial assistance to Eternity Power Public Company Limited, which is a connected transaction**

The Chairman assigned the meeting moderator the details of this agenda were presented to the meeting.

Reference is made to the grant of financial assistance in the form of a bill of exchange in the amount of THB 84,000,000 to Eternity Power Public Company Limited (“ETP”) as ETP was in the process of drawing down a loan from a financial institution and was in need of short-term financing for a period of four days to pay for the construction costs of its 160.00 MW wind farm project in Vietnam, hence ETP’s request for THB 84,000,000 financial assistance from the Company. The Board of Directors resolved to grant such financial assistance to ETP. However, given that ETP continued to face difficulties in drawing down the loan from the financial institution, on 31 May 2021, ETP requested to repay the debt under the bill of exchange by issuing a demand promissory note bearing interest at the rate of 7.0 percent per year in the amount of THB 84,000,000 to the Company where ETP subsequently repaid the debt under such promissory note to the Company on 7 June 2021 (the foregoing grants of financial assistance shall be collectively referred to as the “Grant of THB 168,000,000 Financial Assistance Transaction”).

Such grant of financial assistance, which is not proportionate to the Company’s shareholdings, is considered a connected transaction under the Notification of the Capital Market Supervisory Board No. TorChor. 21/2551 Re: Rules on Connected Transaction and the Notification of the Board of Governors of the Stock Exchange of Thailand Re: Disclosure of Information and Other Acts of Listed Companies Concerning the Connected Transactions B.E. 2546 (as amended) (the “Connected Transaction Notifications”) as such assistance was granted to ETP, the Company’s connected person. The value of the transaction approved at that time was in the total amount of THB 168.10 million (comprising the bill of exchange of THB 84,000,000; the promissory note of THB 84,000,000; and interest of THB 95,690.95) or 4.43 percent of the net tangible assets (NTA) of the Company according to its consolidated financial statements as of 31 March 2021, which was THB 3,793.20 million. After combining such value and the value of the grant of financial assistance by the Company in the previous six months before that time, i.e. the grant of THB 50,000,000 financial assistance to ETP for the investments in its wind farm project in Vietnam, whose value was 1.33 percent of the Company’s NTA according to its consolidated financial statements as of 31 December 2020, which was THB 3,764.07 million, the total value of the grants of financial assistance was 5.76 percent of the Company’s NTA, which was more than 3 percent of the Company’s NTA. Therefore, the Company

was required to undertake the following actions in connection with the Grant of THB 168,000,000 Financial Assistance Transaction:

- (a) disclose information on the Company's connected transaction to the Stock Exchange of Thailand (the "SET") in accordance with the Connected Transaction Notifications;
- (b) obtain approval for entering into the Company's connected transaction from a shareholders' meeting of the Company with votes of not less than three-fourths of the total votes of the shareholders attending the meeting and having the right to vote, excluding interested shareholders, where the Company must send a notice of such meeting to the shareholders at least 14 days in advance; and
- (c) appoint an independent financial advisor to provide an opinion on the Company's connected transaction and deliver such opinion to the Office of the Securities and Exchange Commission (the "SEC Office") and the SET.

However, the Company entered into such transaction without proposing the same for the shareholders' meeting's consideration and approval and did not comply with the duties under the Connected Transaction Notifications as there was a misunderstanding in the calculation of the transaction value. Nevertheless, the Company later engaged legal advisors to provide legal advice to the Board of Directors at its meetings. The legal advisors then discovered that the entry into the Grant of THB 168,000,000 Financial Assistance Transaction did not comply with the Connected Transaction Notifications. Therefore, the Board of Directors' Meeting No. 3/2022 held on 25 February 2022 considered such matter and viewed that, in order for the Company to fully and accurately comply with the requirements under the Connected Transaction Notifications, the Company should propose such transaction for the shareholders' meeting's consideration and ratification, with votes of not less than three-fourths of the total votes of the shareholders attending the meeting and having the right to vote, excluding interested shareholders. In this regard,

The Company has arranged for Avantgarde Capital Company Limited, the independent financial advisor, to provide an opinion for consideration by the shareholders so that they can make a decision in relation to the ratification of such transaction.

In this regard, details on the Grant of THB 168,000,000 Financial Assistance Transaction and the opinion of the independent financial advisor are provided in Enclosure 4 and Enclosure 5, respectively.

The Board of Directors (by disinterested members) viewed that the entry into said transaction was reasonable and beneficial to the Company since its conditions were not less favorable than transactions entered into with a third-party. Moreover, the entry into such transaction was beneficial to the business operations of ETP, the subsidiary of the Company's associate, as ETP was in the process of drawing down a loan from a financial institution and was in need of short-term financing to pay for the construction costs of its 160.00 MW wind farm project in Vietnam. The Board of Directors resolved to grant such financial assistance to ETP since the source of funds for the grant of financial assistance to ETP was from the funds that the Company had prepared for investments

in its LED expansion project where payments would be due in instalments within June 2021 and the grant of financial assistance to ETP would allow the Company to manage its cash flows and receive higher yield than the interest rates from savings (the interest rate was 0.25 percent - 0.4 percent per year) and the Company's financing cost (the Company's financing cost from its debentures was 6.68 percent per year) where the yield received by the Company from entering into said transaction was calculated at the rate of 7.0 percent per year, which was higher than the interest rates from savings and the Company's financing cost as mentioned above. In addition, before providing such financial assistance to ETP, the Company also considered ETP's ability to repay its debt in a timely manner so it requested ETP to issue and deliver a post-dated cheque in the amount of THB 84,000,000 to the Company as collateral for the debt repayment. Therefore, the Board of Directors (by disinterested members) deemed it appropriate to propose the Grant of THB 168,000,000 Financial Assistance Transaction, which is a connected transaction, for the shareholders' meeting consideration and ratification.

This agenda item requires approval from the shareholders' meeting with votes of not less than three-fourths of the total votes of the shareholders attending the meeting and having the right to vote, excluding interested shareholders.

Moreover, Mr. Pakorn Mongkoltada, as a shareholder of the Company holding 1,027,693,800 shares (information as at 14 March 2022) and having an interest in the proposed transaction because of his directorship and shareholdings in EP shall be prohibited from exercising his voting rights at the shareholders' meeting.

The Chairman gave the opportunity for shareholders to ask questions and express additional opinions.

There were no further questions or comments from shareholders.

The Chairman therefore request the shareholders' meeting to consider and vote for approval. Ratify financial assistance to Eternity Power Public Company Limited in the amount of 168,000,000 baht, which is a connected transaction.

**Meeting resolution** To approved the ratify the grant of THB 168,000,000 financial assistance to Eternity Power Public Company Limited (ETP), which is a connected transaction, with unanimous votes as follows:

**Agenda No. 9. To consider and approve the grant of up to THB 300,000,000 revolving financial assistance to Eastern Power Group Public Company Limited for a period of one year in the form of loans or debt instruments, which is a connected transaction.**

The Chairman assigned the meeting moderator the details of this agenda were presented to the meeting. The Board of Directors' Meeting No. 3/2022 held on 25 February 2022 resolved to approve the grant of up to THB 300,000,000 revolving financial assistance to Eastern Power Group Public Company Limited ("EP") for a period of one year after the shareholders' meeting has approved the entry into such transaction in the form of loans or debt instruments with interest or yield at the rate of 7 percent per year as detailed in item 3.2 of Enclosure 4 (the "Grant of up to THB 300,000,000 Revolving Financial Assistance Transaction").

Such grant of financial assistance, which is not proportionate to the Company's shareholdings, is considered a connected transaction under the Connected Transaction Notifications as such assistance would be granted to EP, the Company's connected person. The value of the transaction was 6.85 percent of the Company's NTA according to its consolidated financial statements as of 31 December 2022, which was THB 4,687.64 million, where the Company has not had any other connected transactions with such connected person or any of its related persons within the past six months prior to the Board Directors' Meeting No. 3/2022. Since the value of such transaction was more than 3 percent of the Company's NTA, the Company was required to undertake the following actions in connection with the Grant of up to THB 300,000,000 Revolving Financial Assistance Transaction:

- (a) disclose information on the Company's connected transaction to the SET in accordance with the Connected Transaction Notifications;
- (b) obtain approval for entering into the Company's connected transaction from a shareholders' meeting of the Company with votes of not less than three-fourths of the total votes of the shareholders attending the meeting and having the right to vote, excluding interested shareholders, where the Company must send a notice of such meeting to the shareholders at least 14 days in advance; and
- (c) appoint an independent financial advisor to provide an opinion on the Company's connected transaction and deliver such opinion to the SEC Office and the SET where the Company has appointed Avantgarde Capital Company Limited as the independent financial advisor to perform said duties.

In this regard, details on the Grant of up to THB 300,000,000 Revolving Financial Assistance Transaction and the opinion of the independent financial advisor are provided in Enclosure 4 and Enclosure 5, respectively.

The Board of Directors (by disinterested members) viewed that the entry into said transaction was reasonable and beneficial to the Company since its conditions were not less favorable than transactions entered into with a third-party. Moreover, after the Board of Directors' Meeting No. 2/2022 held on 25 January 2022 resolved to approve the disposal of ordinary shares in the subsidiaries operating the out-of-home media business, the

Company would receive cash flows from such disposal transaction and the grant of financial assistance to EP would allow the Company to manage its cash flows and receive higher yield than the interest rates from savings (the interest rate was 0.25 percent - 0.4 percent per year) and the Company's financing cost (the Company's financing cost was 6.68 percent per year) where the interest or yield to be received by the Company from entering into said transaction would be calculated at the rate of 7.0 percent per year, which was higher than the interest rates from savings and the Company's financing cost as mentioned above. In addition, as at the date on which the Board of Directors' Meeting No. 3/2022 approved the entry into said transaction, the Board of Directors already considered that EP had not had any risk that would require it to request for financial assistance from the Company any time soon and that EP had not sent any written request for financial assistance from the Company. Moreover, before providing each financial assistance to EP, the Company must receive prior written request for financial assistance from EP and the Board of Directors would also carefully consider to ensure that the Company has sufficient liquidity, e.g. the Company's current assets to current liabilities must be more than 1 time, that EP is able to repay its debt in a timely manner, that each grant of financial assistance is beneficial to the business operations of EP, the Company's associate, and that the interest or yield to be received by the Company must be higher than the interest rates from savings and the Company's financing cost. Therefore, the Board of Directors (by disinterested members) deemed it appropriate to propose the Grant of up to THB 300,000,000 Revolving Financial Assistance Transaction, which is a connected transaction, for the shareholders' meeting consideration and approval.

This agenda item requires approval from the shareholders' meeting with votes of not less than three-fourths of the total votes of the shareholders attending the meeting and having the right to vote, excluding interested shareholders.

Moreover, Mr. Pakorn Mongkoltada, as a shareholder of the Company holding 1,027,693,800 shares (information as at 14 March 2022) and having an interest in the proposed transaction because of his directorship and shareholdings in EP shall be prohibited from exercising his voting rights at the shareholders' meeting.

The Chairman gave the opportunity for shareholders to ask questions and express additional opinions.

There were no further questions or comments from shareholders.

The Chairman therefore request the shareholders' meeting to approve the grant of up to THB 300,000,000 revolving financial assistance to Eastern Power Group Public Company Limited for a period of one year in the form of loans or debt instruments, which is a connected transaction

**Meeting resolution** To approve the grant of up to THB 300,000,000 revolving financial assistance to Eastern Power Group Public Company Limited for a period of one year in the form of loans or debt instruments, which is a connected transaction, with unanimous votes as follows;
